

MAHONING COUNTY

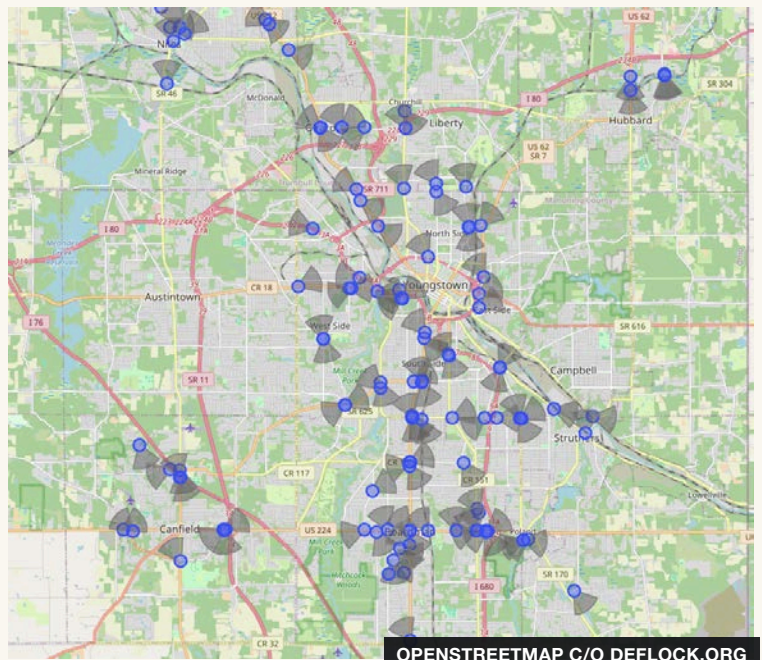

MASS SURVEILLANCE IS NOT PUBLIC SAFETY. IT IS CIVIC BETRAYAL.

Those who give up liberty for the appearance of safety will get neither.

Across the Valley, these systems are sold as safety tools while our rights are trampled.

Warrantless tracking is un-American.

Tell our local leaders: warrantless surveillance will never be acceptable in any form - END IT NOW.

YOU WERE LOGGED TODAY.

No warrant. No probable cause. No suspicion.

With enough cameras, it reveals where you go: doctor visits, church, meetings, rallies.

Information you have the right to keep private.

MASS SURVEILLANCE WITHOUT A WARRANT VIOLATES OUR RIGHTS.

DEMAND THAT LOCAL OFFICIALS END IT.

"YOU HAVE NO PRIVACY IN PUBLIC."

REALITY

Being seen is not the same as being tracked, stored in a database, and having your location history collected without consent, suspicion, or a warrant.

"IF YOU HAVE NOTHING TO HIDE, YOU HAVE NOTHING TO FEAR."

REALITY

Rights do not depend on guilt. If they did, they would be privileges.

Just because you have nothing to say does not mean you lose your right to free speech.

Why would warrantless tracking be any different?

"IT HELPS CATCH CRIMINALS."

REALITY

So do warrants. Convenience does not override the Constitution.

These systems have already produced misuse and false matches across the U.S.

Guardrails will not fix that. Removal will.

"YOUR PHONE ALREADY TRACKS YOU."

REALITY

App tracking is a problem. Privacy has been eroding for too long.

We need stronger protections from private data collection. Our local leaders should honor the Fourth Amendment, not work around it.

The goal is to take our privacy back, not give up more.

BOTTOM LINE

You cannot regulate mass surveillance into being acceptable.

No policy or guardrail will fix it.

End it. Cancel the contracts. Remove the cameras.
